## **YOUR DREAM HOME AWAITS!**

**Buy Build Remodel Refinance**

- **Personalized Attention**
- **Prompt Approvals**
- **Competitive Rates**

## **Home Equity Line of Credit**

# *Take the steps to protect yourself...*

1. **Keep your contact information up to date-** We can contact you quickly in the event we see suspicious activity on your account.
2. **Create the strongest possible passwords-** A strong password means a strong defense against hackers.
3. **Step up Account alerts on your online/mobile banking-** quickly alerts you if suspicious activity has occurred on your account
4. **Download Fort Randall FCU Card Manager-** be able to shut off your debit card instantly for a short time if something suspicious has occurred.
5. **Protect your devices-** keep your phone, tablets, and computers up to date with antivirus protection.

## **FORT RANDALL FCU CARD MANGER**

- **Get alerts when your card is being used**
- **Set spending limits**
- **Turn your card on and off**
- **Check your current balance**

Download the Ft. Randall FCU Card Manager app on your smartphone to start protecting your card. Alerts can be set up to keep you informed when your card is being used to help quickly detect unauthorized or fraudulent activity. Spending limits can be set to allow transactions to be ran through up to a certain dollar amount. Turn your card on and off with the click of a button. When the card is “on” transactions are allowed to go through. When the card is “off” no transactions are approved. This is a great feature when your card has been lost, stolen, preventing fraudulent activity or even to control spending. You are also able to check your current balances.
